Dear Sir or Madam:

In accordance with the requirement of TSCA Section 8(e), Celanese, Ltd. hereby submits the results of Contact Hypersensitivity in Albino Guinea Pigs Maximization Test of Propionaldehyde (CAS No. 123-38-6).

In this study up to 80% of the animals of the test group were observed with erythematous reactions after the first challenge with Propionaldehyde (CAS No. 123-38-6) at the highest non-irritating concentration of 30% in water. No skin reactions were observed in the negative control group.

This submission contains no confidential business information.

If any further information is required, do not hesitate to contact Debra Phillips, Coordinator, Product Stewardship at 972-443-4703.

Sincerely,

Jerry Dunn
Vice President, Environmental, Health, and Safety
